

**A Message from Jay Helm on behalf of the Oklahoma BizPAC:**

The June 16 primary election will have a lasting impact on the future of northeast Oklahoma and we need your help. The choices voters make will influence the policies and leadership that shape our economy, strengthen our workforce, support public safety, and drive regional growth. With so much at stake, the business community must be engaged. Please make a plan to vote, encourage others to do the same, and help ensure our region continues moving forward.

After a thorough review process, Oklahoma BizPAC is proud to endorse candidates who have demonstrated a commitment to economic growth, job creation, fiscal responsibility, and strong leadership. We encourage you to vote for the BizPAC-endorsed candidates listed below on June 16.

We also ask that you share this information with your employees, colleagues, friends, and neighbors. Turnout in local elections is often low, and a small number of votes can have a significant impact on the outcome.

If you are able, please consider supporting our endorsed candidates or Oklahoma BizPAC with a financial contribution. Your investment helps ensure pro-business leaders have the resources needed to effectively communicate with voters and advocate for policies that strengthen our region.

The business community cannot afford to sit on the sidelines. Together, we can help elect leaders who will keep northeast Oklahoma moving forward and ensure our region remains a place where businesses succeed and opportunity thrives.

Sincerely,

Jay Helm  
Chair, Oklahoma BizPAC

Oklahoma BizPAC endorses the following candidates:
